SESSION D

### **D15**

#### **SARB it works!**

**Gwen Yates, Assistant Principal, Buena Vista High School, Paramount Unified School District, CA**

If your passion is to seek out, and bring back students who would otherwise be lost without your help, this session is for you! Participants will leave with a very clear understanding of the who, what, when, how, and why of the SARB process. Join us to hear how law enforcement, probation, social services, district attorneys, and school personnel work collaboratively on behalf of students and their families. Members of local 2009 State Model SARB's will serve as panel members in this session; a founding member of SARB will also be available for questions. Districts seeking ways to engender a malleable solution in response to truancy (loss of ADA) and drop-out prevention will find this session very valuable.
